

## Rainbow Farm Snowdrops 2017

### Rainbow Farm Notebook

As a 'special' for show events in 2017 we are offering any 3 pots priced £10 for £25 and any 3 pots priced £15 for £40 (the same or different varieties), subject to availability.

Due to space limitation we will not be able to bring all listed varieties to every event.

Highlights from the 2017 list include 3 'orange' tinted varieties from Anglesey Abbey: 'Aurora'; 'Candlelight'; 'Anglesey Orange Tip' and also from Anglesey one of the best of its' type 'Anglesey Spiky'.

Recent Rainbow Farm selections named by us: 'Sweetheart', a pre-Christmas flowering *G. elwesii* with large flat flowers and a violet fragrance; 'Bluestreak', a robust, post New Year flowering *G. reginae-olgae* form with 2 spikes of large flowers that contrast well with the blue-green foliage and 'Pearl Drops,' a beautiful *plicatus* hybrid with large flowers and 2 flower spikes of differing heights that provide a lovely tiered effect (Picture in 'Galanthomania', Hanneke van Dijk).

We are hoping to launch the exciting new varieties 'Anglesey Adder' and 'Trio' in 2018.

'Anglesey Adder' is from Anglesey Abbey and is a form of *G. elwesii* with a huge split spathe (picture in 'Galanthomania', Hanneke van Dijk). Named by Anne.

'Trio' is a Rainbow Farm seedling that flowers very late (March at Rainbow Farm) and has 3 (sometimes 4) flower spikes. Named by Anne.
